A VETERAN'S LAST VICTORY

Capt. James H. Johnson, who for over half a century resided in Ocala and on his farm five miles north of town, died this morning, after a long and painful illness.

The subject of this notice was born in Abbeville county, S. C., Due West Postoffice, November 2, 1828. He received a good education, being a graduate of the South Carolina College at Columbia, S. C., becoming a law student after his graduation and was admitted to the bar. His failing health caused him to seek the genial clime of Florida, where he arrived in 1855. His first marriage took place in Pickens county, S. C., January 5, 1853, and his bride was Miss Sallie Alexander. Several years after, death claimed his wife. His second marriage was to Miss Rachel Schumbert, January 17, 1859, who only lived a few years. His third wife was Miss L. J. Priest and the marriage took place January 19, 1865, at Abbeville, S. C. Nine children came to bless this union, six of whom survive.

Shortly after Captain Johnson came to Florida and Ocala he formed a law partnership with the late Col. St. George Rogers, in which he won distinction at the bar. The partnership continued until the breaking out of the war in 1861, when he enlisted in the Second Florida regiment, so gallantly led by the late Col. Edwin Badger, was immediately elected first lieutenant of his company, and was subsequently promoted to a captaincy for his brave and soldierly qualities.

At the close of the war he returned to Ocala and feeling that an out door life would be most conducive to health he settled on the farm, which he made his home until the day of his death, and was deemed one of the most successful tillers of the soil that Marion county ever possessed.

Captain Johnson was one of nature's noblemen—intelligent, broad minded, sympathetic and helpful in every walk of life, a kind and generous husband, a loving father and a good citizen, whose loss is greatly deplored by those who had the pleasure and honor to know and appreciate so excellent a character and so high toned a gentleman.

The Star tenders sincere condolence to the bereaved ones.

Telegrams have been sent to his absent children, Mr. Albert S. Johnson, of Alachua, and Mrs. Ollie Fort, of Moss Bluff.

His funeral will take place in Ocala at the old cemetery tomorrow morning at 9 o'clock.

Hon. H. W. Long, who came to Florida from South Carolina the same year that Captain Johnson arrived, remembers very distinctly a big Fourth of July celebration at Long Swamp in 1856, on which occasion Captain Johnson was the orator

REAL ENJOYMENT.

The woman who reads this will understand to the full what Mrs. Tipton meant when she says: "I am enjoying good health." It takes a person who has been made wretched by sickness to understand the joy of health.

There are very many women who suffer as did Mrs. Tipton, who might be cured as she was by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, drives the drains which weaken women, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

"It is with pleasure I recommend Dr. Pierce's medicine," writes Mrs. Nora Tipton, of Cropper (Cropper Station), Shelby Co., Kentucky. "You remember my case was one of female weakness and weak lungs. I had no appetite and would often spit blood; was confined to my bed almost half of the time and could hardly stand on my feet at times for the pains through my whole body and system. My husband had to pay large doctor bills for me, but since I have taken four bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription' and three vials of 'Pleasant Pellets' we haven't paid any more doctor bills. It had been seven months since I stopped using Dr. Pierce's medicines and I have been enjoying good health all the time. I can never praise these medicines too highly, for I have received so much benefit. I pray that many who suffer as I did will take Dr. Pierce's medicines. I am sure they will never fail to cure when given a fair trial. Everybody tells me I look better than they ever saw me. I am sure I feel better than I ever did before."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets are a ladies' laxative. No other medicine equals them for gentleness and thoroughness.

THE QUALITY OF MERCY

County Judge Robert Bullock took compassion on the convicted seiners and reduced their fines to \$25 each for the older offenders and \$10 in the case of Jasper Black all of which was paid except the last named, who was told to go home, get the money and sin no more.

VACATION DAYS

Vacation time is here, and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. P. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. MR. FORD'S LAST VOLLEY

His Guns are Well Loaded and Aimed with Precision

Ocala, Fla., July 31, 1902.

Editor Star: Referring to Mr. Long's second communication to your paper, he makes much capital out of the fact that I stated that every member of the house and senate from Alachua, Columbia, Levy, Hernando, Citrus, Marion and Sumter counties voted for the bill, whereas one of them voted against it. Well, I am willing to take Mr. Long's statement for it that ONE of the representatives from these counties voted against the bill, and accept his correction. The main fact, however, in this connection that Mr. Long must face is that a large majority of the house, fifteen, I believe (I am not a politician or an office holder, and do not keep such information on file in my office) passed the bill, and it was only defeated in the senate by a tie vote, in spite of the most strenuous efforts of its opponents.

The next fact that I desire to emphasize is that if Mr. Long's statements are correct, then the firm of Ford and Hiller and the Dunnellon Phosphate Company will either have to go out of business or use convict labor, in consequence of the failure of the convict bill to pass. Does he think that either of these two results are in the interests of Marion county? If he does I do not think that the people of Marion and Sumter counties will agree with him.

Yes, it is true that neither the Dunnellon Phosphate Co., nor Ford and Hiller desire to use convict labor; if this be a crime make the most of it. They are in favor of free labor, nor do I think thereby that they at all damage the interests of Marion county. The fifteen thousand dollars disbursed monthly by Ford and Hiller, and the still larger sum disbursed by the Dunnellon Phosphate Co. through the use of free labor, finds its way immediately back to the pockets of the farmers and merchants of the community. Does Mr. Long contend it would do this if they used convict labor? These two firms are financially able to swing convict labor, but how about the many small miners, who have not got a long enough purse to "bid for the convicts;" have they no rights to be considered? Are Mr. Long and Mr. Brown in favor of the rich corporations who can take a couple of hundred convicts at a bite, and against the small miner who struggles to find the money for his weekly payroll?

Mr. Long says that I am in error in regard to Mr. Brown's position in reference to the convict legislation because Mr. Brown was not in the state of Florida when the bill was drawn. I never said that he was; but, as stated by me, Mr. Brown did travel to Tallahassee with me during the time the legislation was before the house, and he did promise me to use his influence in its favor, and he did tell me that he had seen the governor in its behalf. This is a fact known to many others besides myself, and I make no error in stating it.

Yet another fact: No bid from a phosphate company was high enough to take the convicts, and a turpentine concern, the Florida Naval Stores

Chambers is that it came under my notice that he served his constituency faithfully in the past, and I think, therefore, he will serve it faithfully in the future. I have and can have absolutely no personal interest in the matter, for, according to Mr. Long, long before the expiration of the four years of the present convict lease, I shall either be leasing convicts myself or have disappeared from view, "ruined by" convict "cheap labor." Yours truly, Herbert A. Ford.

THE BOSS WORM MEDICINE

H. P. Kump, Druggist, Leighton, Ala., writes: "One of my customers had a child, which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 110 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c. at Anti-Monopoly Drugstore.

The negro hung at San Antonio Tuesday night was Alonzo Williams, a turpentine hand, and the cause of the lynching was his assault on Miss Augusta Moan, a respected young lady of San Antonio. She was very brutally treated and the people of the place naturally took summary vengeance.
